

World Federation of Jewish Child Survivors of the Holocaust & Descendants

Joining hands and hearts to keep Holocaust memory alive, fighting hatred and genocide

We are the Jewish Child Survivors of the Holocaust persecuted by the Nazis in ghettos, in camps, in hiding, on the run or forced to leave Nazi occupied Europe. Our objectives are to represent the interests of the child survivor community, to support each other, to keep alive the memory of the six million Jews – including the 1.5 million children – murdered during the Holocaust and to pass on our legacy to future generations. We pursue these objectives by telling the stories of our survival, by community interaction, education, holding conferences and by fighting anti-Semitism. We acknowledge and express gratitude to our Non-Jewish and Jewish rescuers.

Dear Brothers and Sisters, Members of our Survivor Family,

We are once again looking forward to a special family reunion and a return to our ancient homeland.

Most of you probably know that our last conference, November 2016, in Los Angeles, was an extremely successful, well-thought of and spiritually rewarding experience.

We have received, and are still receiving, very favorable comments and we have been very pleased to have had about 300 Second and Third Generation participants among the 600 attendees. Yes, we Child Survivors are getting older (old), but our legacy, our memories, will be carried into the future!

Each conference offers some of the workshops that have been acclaimed as being very meaningful to the survivors, and more recently, also those for the descendants.

New themes for the workshops are always suggested, and we try very hard to accommodate all the expressed desires. We have been fortunate through these 28 years to have had very good facilitators for our Child Survivor workshops and more recently, for the Second and now Third Generations as well.

We come to the conferences to be in our unique survivor community; to meet old friends and new, to share our experiences, to bond, to schmooze.

In addition to the workshops, we are open to and receive suggestions for panel and individual presentations on themes of our common history as well as on the present world situation. The location of each conference points us toward a theme; this year, in Israel, in our hard-won homeland, we hope the presentations will enrich our lives.

Please come, with open arms, and open hearts!

With much love and caring,

Stefanie
